

**Customer:** Alstom

**Location:** Brown Boveri Strasse Switzerland  
Syracuse, New York  
El Sauz site in Queretaro, Mexico.

**Time & Duration:** 7 months

**Technical Description:** Manufacturing of around 15 control cabinets for "El Sauz Project"  
Reference: Alstom 11-467 / 2.1.2

## Project Description

Control cabinets manufacturing according to attached bill of material following UL standards.

## INP Tasks

- Supply according to attached updated BOM (Appendix D) per cabinet all necessary labor, tools, wire, DIN rail and wire duct required for manufacturing.
- Procure, assemble, wire and test all components of the cabinets (1xCSP01).
- Provide coordination and project management activities to complete the manufacture of the cabinets.
- Will replace the Base Plinths for 6 cabinets (CSV01, CSV10, CSV20, CSV30, CSV40 and CSP01) for a 100mm stainless steel material.
- Provide FAT and Commissioning Support for the above mentioned cabinet at Mitten facilities in Syracuse, NY and at El Sauz site in Queretaro, Mexico.
